SAOS Customer Dashboard User Guide

Document ID: SYS-DASHBOARD-GUIDE-v1.0
Version: 1.0
Status: LIVE
Prepared for: SAOS Business & Enterprise Fleet Clients
Prepared by: Systack
Builder: SOL + ASSEMBLY
Source System: SAOS Customer Portal v2026.06
Date: June 23, 2026
Support: support@systack.net

Your Customer Dashboard

The SAOS Customer Dashboard is your command center for monitoring your AI fleet, tracking tasks, and accessing documentation.

1. Accessing the Dashboard

Requirements

- Tailscale installed and connected to your tailnet
- Client ID (provided after signup)

URL

```
https://phillips-macbook-air.tail573d57.ts.net/dashboard/?client_id=YOUR_ID
```

Note: Replace `YOUR_ID` with your assigned client ID. Bookmark this URL for quick access.

2. Dashboard Tabs

Overview Tab

Your fleet at a glance: - **Status Banner** — Green (healthy), Amber (degraded), or Red (down) - **Metrics Cards** — Pending tasks, running tasks, completed tasks, active agents - **VPS Info** — Server specs, uptime, resource usage - **Recent Activity** — Latest tasks and status changes - **Auto-refresh:** Every 30 seconds

Agents Tab

Full fleet visibility: - **Agent Cards** — Each agent shows: - Emoji + Name (e.g., 🐼 SOL) - Role description - Status dot (green = online, amber = busy, gray = offline) - Current task (if any) - Total tasks completed - **10 Agents** — All fleet members visible in a responsive grid

Tasks Tab

Task history and tracking: - **Status Filtering** — Pending, Running, Completed, Failed, Dead - **Task Details** — Type, assigned agent, priority, timestamps - **Color-coded** — Green (done), Blue (running), Amber (pending), Red (failed) - **Last 50 tasks** displayed by default

Documents Tab

Your document library: - **Service Manual** — Full SAOS documentation - **Quick Start Guide** — Getting started instructions - **Enterprise Deployment Guide** — For Enterprise clients only - **Tier-based Access** — Business vs Enterprise see different docs

Account Tab

Your subscription details: - Business name and email - Plan type (Business or Enterprise) - Server IP address - Active agent count - Support contact information

3. Dashboard Features

Real-time Updates

The dashboard polls the API every 30 seconds. No manual refresh needed.

Responsive Design

Works on desktop, tablet, and mobile devices within your Tailscale network.

Dark Theme

Navy base (#001a2d) with Systack cyan accents. Easy on the eyes for monitoring.

4. Troubleshooting

PROBLEM	SOLUTION
Dashboard won't load	Ensure Tailscale is connected: <code>tailscale status</code>
"Client not found" error	Check your client ID in the URL parameter
Agents show as offline	Check VPS status in Overview tab or contact support
Tasks not updating	Wait 30 seconds for auto-refresh, or reload page
PDF won't download	Ensure browser allows popups/downloads from tailnet
Slow loading	Check Tailscale connection strength; may need closer exit node

5. Security Notes

- Dashboard is **tailnet-only** — no public internet access
- HTTPS via Tailscale TLS termination
- No login required within tailnet (auth via Tailscale identity)
- Client ID scopes data to your account only

Document History

VERSION	DATE	CHANGES
1.0	2026-06-23	Initial release
